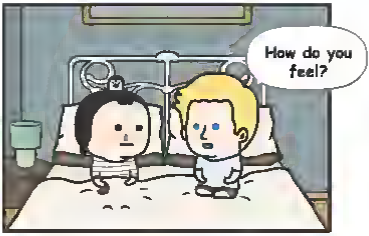
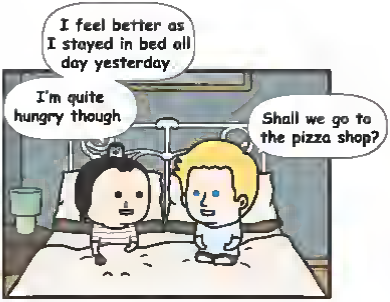
They Are Filming!

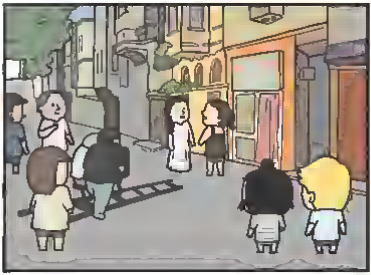


After we got back
from a week in Oludeniz,
I caught a bad cold.

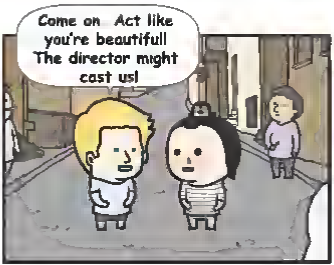


I was ill for a few days,
but finally I was getting better.

On the way to
the pizza restaurant in the town,
we came across a film crew.



There was a fancy camera
and some staff and actors.
They looked busy.

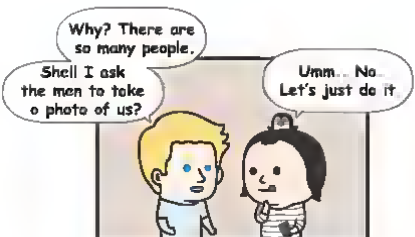


Mev was suddenly excited.

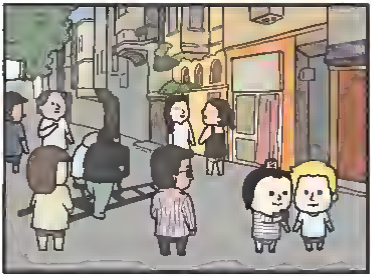
Come on!
He he
Don't be silly
Let's take a photo

Do you think they're filming for TV? Or a Movie?

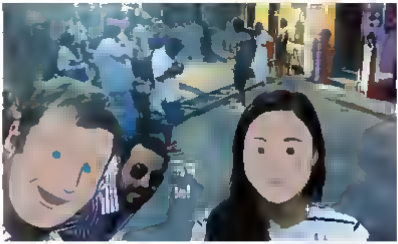
Come here, let's do selfie.



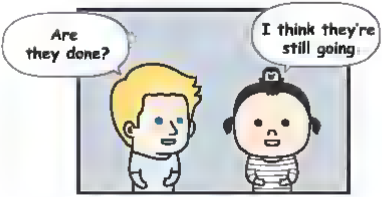
Why? There are so many people.
Shall I ask the men to take o photo of us?
Umm... No. Let's just do it



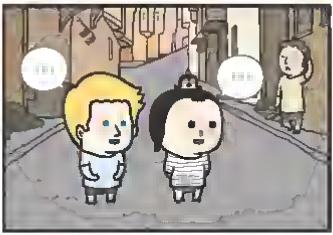
Hahaha

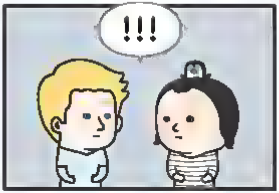


The man who we was about to ask for help was in our photo too.



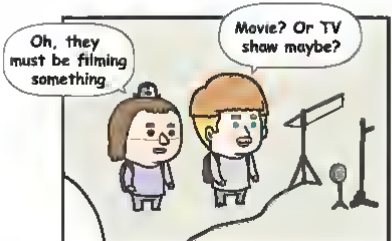
Soon, they seemed to try to change to a different scene.





The playful man started to act!!!

So, the situation was almost like this.



Excuse me
Can you take a photo
of us please?
